

Selected-subject non-strict LOSO feature visualization

Raw DE-LDS

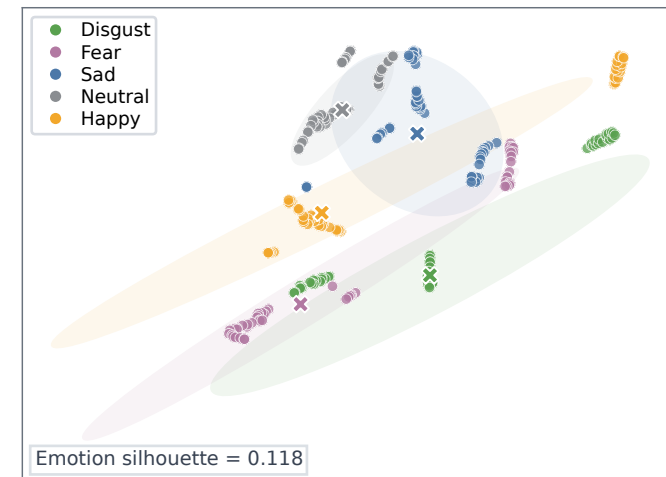

(a) SEED

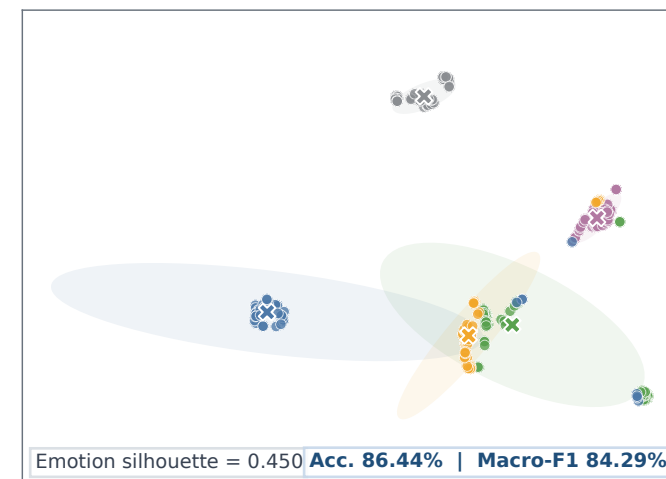

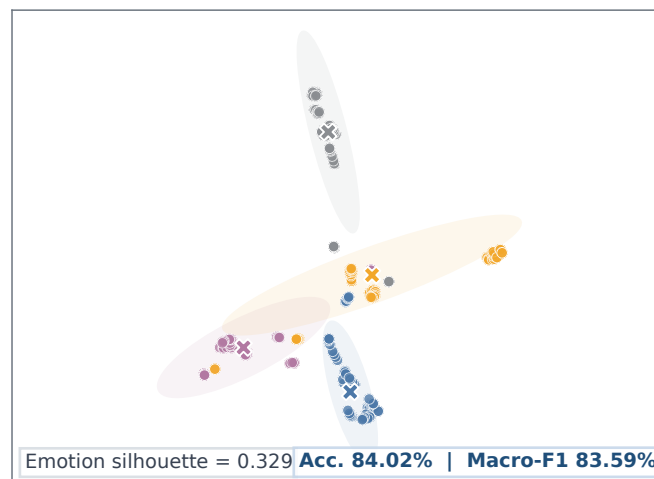

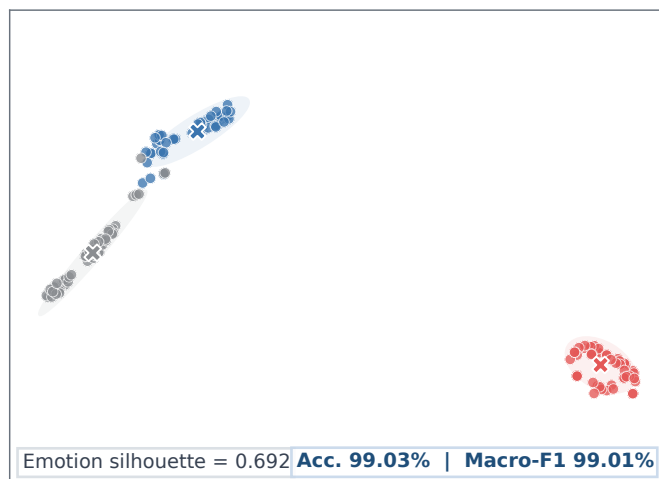

(b) SEED-IV

(c) SEED-V

DMS-SGPAN

Selected subject S15 | checkpoint epoch 100

Selected subject S13 | checkpoint epoch 38

Selected subject S13 | checkpoint epoch 79

Qualitative selected folds only: the test subject is also the adaptation domain and checkpoint-selection set; Raw and DMS-SGPAN panels use identical class-balanced samples.
